

Welcome to the July 2017 edition of New Horizons updating cruising opportunities to join me on one of our 2018 hosted Tours.

With this newsletter I am enclosing a flyer detailing one of these cruises on Regent Seven Seas Mariner as part of her world cruise in 2018 . You may join me for the full 30 day journey from Honolulu to Auckland or choose a shorter 15 day sector from Honolulu to Papeete or Papeete to Auckland.

I will also be hosting two cruises on the new Silver Cloud Expedition ship in 2018 , both of which now have limited space available. I have listed full details of these cruises below.

Lyn Adrian

This voyage is particularly attractive for those that have cruised to Antarctica but have not had the opportunity to visit the Falkland Islands and South Georgia, undeniably the greatest wildlife refuge in the world with colonies of King Penguins in excess of 200,000. The cruise then continues across the Atlantic Ocean to Capetown via the remote islands of Tristan de Cunha, St. Helena and Gough Island with its amazing bird colonies. All zodiac excursions and land excursions are included on this tour to some of the most remote islands in the world, travelling in style and luxury on the newly refurbished Silver Cloud. Only six veranda suites remain available on this voyage and single supplement is now 200% on this departure.
